Out of Pocket

Formed in 2022 of students from MacEwan's music program, the Out of Pocket Trio embraces the jazz trio setting with a variety of standards and original compositions. Composed of Tae Kim on piano, Chris Larsen on bass, and Tony Flanagan on drums, Out of Pocket seeks to explore traditional and modern concepts in jazz.

Influences include the trios of Chick Corea, Keith Jarrett, Oscar Peterson and Hiromi Uehara, which have laid the foundation for Out of Pocket's energetic sound.
